Your Participation

- Please submit your questions and using the Questions panel
- Webinar recording and presentation slides will be sent out to all registrants when posted.

CaFCP Members

— 20 years of collaboration —

Panelists

- Jane Berner, Energy Commission Specialist, Hydrogen Unit, California Energy Commission (CEC)
- Andrew Martinez, Hydrogen Program Expert, Zero Emission Vehicle Infrastructure Section, California Air Resources Board (CARB)
- Keith Malone, Public Affairs, California Fuel Cell Partnership (CaFCP)
- Sandy Berg, Vice Chair of the California Air Resources Board, CaFCP Chair
- Gia Vacin, Assistant Deputy Director, California Governor's Office of Business and Economic Development (Go-Biz)
- Jean Baronas, Supervisor, Hydrogen Unit, California Energy Commission (CEC)
- Mark Wenzel, Manager, Advanced Vehicle Infrastructure Office, California Energy Commission (CEC)

NOTICE OF PROPOSED AWARDS

Grant Solicitation, GFO-19-602

Hydrogen Refueling Infrastructure

Jane Berner
Energy Commission Specialist
Hydrogen Unit
California Energy Commission

2020 ANNUAL EVALUATION OF FUEL CELL ELECTRIC VEHICLE DEPLOYMENT & HYDROGEN FUEL STATION NETWORK DEVELOPMENT

Andrew Martinez, PhD
Hydrogen Program Expert
Zero Emission Vehicle Infrastructure Section

GFO-19-602 - Hydrogen Refueling Infrastructure

SOLICITATION TYPE Grant Funding Opportunity	PROGRAM Clean Transportation Program
SOLICITATION NUMBER GFO-19-602	RELEASE DATE December 26, 2019
SOLICITATION STATUS Awarded (Notice of Proposed Award)	SUBMISSION DEADLINE May 22, 2020, 5:00 pm
DIVISION Fuels and Transportation	QUESTIONS DEADLINE January 29, 2020, 5:00 pm

Purpose

This is a competitive grant solicitation. The California Energy Commission's Clean Transportation Program (formerly known as the Alternative and Renewable Fuel and Vehicle Technology Program) announces the availability of up to \$115.7 million in grant funds, subject to future appropriations and Clean Transportation Program Investment Plan funding allocations, for hydrogen refueling infrastructure projects that will expand California's early commercial light duty hydrogen refueling and fuel cell electric vehicle (FCEV) markets and to accommodate the projected FCEV roll-out in 2021-2024. Of the up-to amount, \$45.7 million is currently available.
